

Air Preparation Unit

Auxiliary equipment

A ready-to-use compressed air preparation kit: it protects the tool from contamination and excess pressure, maintains full operating speed and extends service life. The coiled air hose gives the operator freedom of movement in the work area.

Technical data

Mounting	vertical, on 1/2" piping or wall-mounted
Filter	yes
Pressure regulator (reducer)	yes
Pressure gauge	yes
Inlet fitting diameter (for hose)	10 mm
Quick coupling with shut-off valve	yes
Coiled hose working length	15 m
Coiled hose extended length	30 m
Maximum working pressure	16 bar
