

Pneumatic Benchtop Press

Clinching tools

Compact pneumatic benchtop press with a working force of 65 kN for cold stamping with interchangeable die sets. Quiet, reliable and easy to maintain.

Technical data

Drive type	Pneumatic
Intensifier	Mechanical
Maximum air pressure	7.0 bar
Working force	65 kN
Cycle time	0.8-1.6 s
Total stroke	25 mm
Maximum tooling height	192 mm
Tooling table size	142 × 360 mm
Air consumption	12 l per cycle
Dimensions (H × W × D)	1099 × 836 × 300 mm
Press weight	132 kg
